Jean Crawshaw, CDA
Senior Clinical Specialist
DENTSPLY Canada

Dear Jean,

On behalf of the Free Dental Clinic volunteers at the Abbotsford Food Bank, I would like to extend my gratitude and thanks to you and Dentsply Canada for the most generous donation of a cavitrone! There are many dental hygienists who have been volunteering here with some of the most challenging patients we have ever worked with, and this will certainly help us to achieve better patient acceptance in treatment, as well as good healing outcomes (not to mention it making our job a whole lot easier).

We are also very grateful for your donation of Oragix and the composite samples. Having Oragix at our clinic will allow dental hygienists the option to volunteer on days when there is no dentist practicing, as is indicated for administering L.A.

Thank-you for sharing our common goal and interest in helping those less fortunate. We look forward to working with you in the clinic Jean, as you have generously offered to volunteer with us as a CDA.

Sincerely,

Jennifer Larsen, D.H.
Perio Director
Free Dental Clinic Abbotsford Food Bank

please forward email to Dentsply Canada President, with thanks
